### **4:190 Targeted School Violence Prevention Program**

Threats and acts of targeted school violence harm the KASEC's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure KASEC environment is an important Board goal. While it is not possible for the KASEC to completely eliminate threats in its environment, a Targeted School Violence Prevention Program (Program) using the collective efforts of local school officials, staff, students, families, and the community helps the KASEC reduce these risks to its environment.

The Director or designee shall develop and implement the Program. The Program oversees the maintenance of a KASEC environment that is conducive to learning and working by identifying, assessing, classifying, responding to, and managing threats and acts of targeted school violence. The Program shall be part of the KASEC's Comprehensive Safety and Security Plan, required by Board policy 4:170, *Safety*, and shall:

1. Establish a KASEC-level School Violence Prevention Team to: (a) develop a KASEC-level Targeted School Violence Prevention Plan, and (b) oversee the KASEC's Building-level Threat Assessment Team(s).
2. Establish Building-level Threat Assessment Team(s) to assess and intervene with individuals whose behavior may pose a threat to safety. This team may serve one or more schools.
3. Require all KASEC staff, volunteers, and contractors to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
4. Encourage parents/guardians and students to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
5. Comply with State and federal law and align with Board policies.

The Local Governmental and Governmental Employees Tort Immunity Act protects the KASEC from liability. The Program does not: (1) replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in violence prevention, assessments and counseling services, (2) extend beyond available resources within the KASEC, (3) extend beyond the school day and/or school-sponsored events, or (4) guarantee or ensure the safety of students, KASEC staff, or visitors.
